Optical fibre splitters (FC/PC)

Designed to enable quick and easy connection of pre terminated fibre cables. Various split outputs available to achieve the desired PON (Passive Optical Network) split ratio.

- 2, 3, 4 and 8 way versions available
- Dual window (1310nm and 1550nm)
- Direct connection of fibre patch cables

Optical fibre splitters (FC/PC)

MODEL		FSP-102	FSP-103	FSP-104	FSP-108
REF.		4888	4889	4890	4891
Outputs		2	3	4	8
Operating wavelength (± 40 nm)	nm	1310 - 1550	1310 - 1550	1310 - 1550	1310 - 1550
Attenuation	dB	4.0	6.13	7.32	10.5
Dimensions	mm	148 x 115 x 21			

Application example
